Paper Trade Journal

Index to Feature Articles

Volume 158 – Year 1974

The articles listed below are cross-referenced for the convenience of users. Short items and news stories are not included in this index.

Board Manufacture

	Page	Issue
Federal Upgrades Inverform With Suction Roll/Hydraulic Former	20	Dec. 16
Felt Workshops Yield Information of Value to Mills and Suppliers —Thomas W. Mills	28	April 22
Low Density Paperboard Market Focus of ConCanCo's Georgia Rebuild	21	Oct. 28
Meaning and Importance of Hardness Profile of Reels and Rolls —H. R. Cherewick	50	Jan. 14
New Moisture Profiling System Tightens Dryer Felt at Center —Otto Kallmes	44	Jan. 14
New Non-Metallic Seams for Open Mesh Dryer Fabrics —Michael J. Josef, Joseph F. Longo	29	June 17
Paper Machine Technical Audits and What They Can Do for You —J. Mardon, R. M. R. Branion, M. Pudek	27	March 25
Small Changes in Zeta Potential Readings Have Made Big Savings —John G. Penniman Jr.	35	June 3
Solid Waste Recovery and Reuse at Fifty-eight-Year-Old Board Mill —Walter Simon	29	May 27

Chemical Pulping & Bleaching

Another Vote for Kenaf as Long-Fiber Pulp Substitute Comes from Sri Lanka —T. Jeyasingam	28	Nov. 18
Computer Control of a Continuous Digester at a Finnish Mill —Aimo Anttikosko, Pentti Hyvari, Esa Jutila, Paavo Uronen	40	Oct. 21
Guidelines for Better Management of Our Kraft Pulp Mills —G. A. Smook, J. Mardon	35	April 22
Hot Stock Fractionation System Ends Dual Cooking of Linerboard Furnish	31	Dec. 16
How a Mead Kraft Mill Operates Without Air Environment Problems	26	April 8
Meter Designed To Continuously Monitor H-Factor During Cook —L. J. Carver	38	Nov. 11
Oxygen/Alkali Processes Highlight Non-Sulphur Pulping Symposium	35	Nov. 18
Sonoco Offers New Approach to Sulphite Chemical Recovery	22	April 8
Successful Operating Experiences with ESCO Continuous Digester —John F. Oettinger	30	June 10
Swedish Recovery Boiler Design and Operation Differ from NA —Anders Vegeby	18	Jan. 7
A Wood Processing Line To Save Time, Fiber, and Money Is Proposed —Aux P. Schnyder	24	Dec. 16

Coating

Developments in Extrusion Coating, Laminating of Paper and Board	46	Oct. 21
Latest Design Improvements of the Flooded Nip Coater —Robert W. Carlson	18	Aug. 12
TAPPI Holds Successful Silver Anniversary Coating Conference —John C. W. Evans	19	June 24

Converting

Box Makers' Spring Meeting Faced Up to Many Problems —John C. W. Evans	32	May 13
Corrugated Box Manufacturers View Next Decade With Concern	41	Nov. 11
Current Demand, Operating Rates and Future for Folding Boards —John T. McGirr	25	April 29
Developments in Extrusion Coating, Laminating of Paper and Board	46	Oct. 21
Economic Problems and Dangers in the Folding Carton Business —Robert J. McLaughlin	30	April 8
How Fitchburg Uses Curved Rolls for Improved Winder Operation	30	March 18
INDA Holds Successful Seminar on Non-Woven Technology	20	March 25
Industry Heading for Another Record Earnings Year; Tighter Supply Seen —Clarence W. Brown	28	Aug. 5
Odd-Lot House Makes Big Switch to Custom Finishing Rolls and Sheets	24	March 25
Outlook for Shipping Container Demand Through 1974 —John W. Enders	34	May 13
Perspective of Non-Wovens Was Theme of INDA Annual Meeting —Harry L. Neilson	28	June 10
Absenteeism Makes Costs Climb for Both Paper Mills and Box Plants, Study Finds	32	Oct. 7
American Linerboard Outlook—Output, Exports and New Capacity —E. A. Locke	24	July 8
Canadian Industry Set New Production Records Last Year	20	Feb. 25
Capital Availability and Tax Incentives for Energy Programs —Sergio F. Galeano	36	Feb. 18
Cost of Achieving E.P.A.'s BPCTCA and Zero Discharge	30	April 15

Economics

Current Trends in Market Pulp—Significance of COLC Easement —Ronald J. Slinn	24	April 1
Economic Impact of FWPCA Water Effluent Standards and Goals	34	April 1

Environmental Protection Expenditures Continued To Increase During 1973 ... 35 Sept. 9
Export Tonnage Rose Moderately in 1973 but Value Up Sharply —Leonard S. Smith ... 28 Aug. 26
Fiber Supply Looms as Key Factor in Industry Move Toward Recycling —B. C. Drumm ... 34 Nov. 25
Fuels and Their Effects on Boiler Plant Design —S. Suda ... 32 Feb. 18
How Paper and Board Major Grades Did Month-By-Month ... 32 March 18
How to Make Your Problems Pay —Judson Hannigan ... 24 June 24
How the Various Divisions of St. Regis Paper Co. Did Last Year —George J. Kneeland ... 24 March 4
IP Chairman Discusses Industry's Strengths and Weaknesses —J. Stanford Smith ... 36 May 13
Is Capital Spending a Myth? —John H. Kila ... 22 Oct. 14
Japanese Paper Industry Experiencing a Cooling in Hot Demand ... 29 July 29
Predicts Drop in Paper Output as Well as in Earnings This Year —Mark Rogers ... 34 March 18
Steam and Electricity Conservation in the Paper Mill —Donald A. Ely, W. G. (Wes) Nicholis ... 22 May 27
Turning a Year of Recession into a Growth Year for the Paper Industry —Norma Pace ... 31 April 1

Engineering

API Energy Study Shows Effects of Conservation and Fuel Switching —Jeffrey M. Duke ... 26 Feb. 18
Capital Availability and Tax Incentives for Energy Programs —Sergio F. Galeano ... 36 Feb. 18
Heat Recovery is One Answer to Question of How To Conserve Costly Energy —Jorgen C. Hedenhag ... 33 Dec. 9
How a Board Mill Saved Steam and Power by Process Improvements —James O. Starkweather ... 31 March 11
How Crane and Co. Used a Mud Cat to Clean an Effluent Lagoon ... 37 June 10
How Mead Improvised Storage for Adequate Fuel Supplies —R. H. Northwood ... 39 Feb. 18
How to Use Consultants in Energy Conservation Planning —Sherwood G. Holt ... 37 Feb. 18
How Westvaco Assesses Success of Its Energy Conservation Efforts —Carl O. Skoggard ... 28 Feb. 18
Review of API's '74 Energy Survey Gives Results of Industry Conservation Efforts —Jeffrey M. Duke ... 30 Sept. 30
Scott's Organizational Structure for Energy Utilization Control —L. V. Forman ... 30 Feb. 18
Seminar Explores Causes and Cures of Our Corrosion Problems —John C. W. Evans ... 28 July 8
Short Reports Which Offer an Assortment of New Ideas ... 34 Aug. 26
Steam and Electricity Conservation in the Paper Mill —Donald A. Ely, W. G. (Wes) Nicholis ... 22 May 27
Swedish Recovery Boiler Design and Operation Differ from NA —Anders Vegeby ... 18 Jan. 7
TAPPI Engineers Sit in Seattle. Explore Diverse Spectrum of Topics ... 28 Nov. 4
A Thermodynamic Primer for Pulp and Paper Mill Engineers —R. W. Ellerbe ... 28 Sept. 2
Urethane Rolls Cut Haverhill's Grinding Costs, Offer Other Advantages —Win Pierce ... 26 Sept. 9
Why the Pre-Engineering Feasibility Study? —Fred D. Iannazzi, Richard Strauss ... 26 March 18
Wisconsin Tissue Solves Corrosion Problem with Plastic Pipe ... 26 Aug. 26

Finishing

Asheville Technical Workshop Spotlights Finishing State of the Art, Plant Tours ... 43 Oct. 21
Odd-Lot House Makes Big Switch to Custom Finishing Rolls and Sheets ... 24 March 25
Some Mill and Finishing Practices Are Superstitious to Schiller and Webster —Francis Schiller ... 30 Sept. 23

Forecasts

American Linerboard Outlook—Output, Exports and New Capacity —E. A. Locke ... 24 July 8
Current Demand, Operating Rates and Future for Folding Boards —John T. McGirr ... 25 April 29
Current Trends in Market Pulp—Significance of COLC Easement —Ronald J. Slinn ... 24 April 1
Future Containerboard Mills Will Come—At a High Price —William G. Copeland ... 32 Nov. 18
Industry Has Better Balance Now Between Supply and Demand than in Many Years ... 34 Nov. 11
Industry Heading for Another Record Earnings Year; Tighter Supply Seen —Clarence W. Brown ... 28 Aug. 5
Meeting Growth Needs of Future and Living with Inflation —Norma Pace ... 38 May 13
No Improvements Seen in Paper Supply Through the Seventies ... 21 May 27
Predicts Drop in Paper Output as well as in Earnings This Year —Mark Rogers ... 34 March 18
Review of API's '74 Energy Survey Gives Results of Industry Conservation Efforts —Jeffrey M. Duke ... 30 Sept. 30
Turning a Year of Recession into a Growth Year for the Paper Industry —Norma Pace ... 31 April 1
What are the Shapes of Things to Come in Our Future Technology ... 20 March 4

Instrumentation

Another Successful On-Line Testing Symposium at Miami University .. 42 July 22
Applying Microwave Technology To Monitor the Papermaking Process —John J. Aver, O. J. Kallmes .... 30 Sept. 16
Caliper Gauges Appear Unsuitable for Use in Reel Building —H. R. Cherewick ..... 34 June 10
Computer Control of a Continuous Digester at a Finnish Mill —Aimo Anttikoski, Pentti Hyvari, Esa Jutila, Paavo Uronen ..... 40 Oct. 21
Computer Control Scores on World's Fastest Open Draw News Machines 33 Sept. 2
Factors Affecting Automatic Wood Chip Moisture Measurement —F. K. Preikschat, Ekhard Preikschat, Daniel F. Pope ..... 21 July 29
How To Maximize Drainage through Zeta Potential Control —Richard Anderson, John Penniman ..... 22 Sept. 23
Leading Technologist and Executive Looks Back and Ahead at "On-Line" —Ward D. Harrison ..... 44 July 22
Major Break-Through in Reliable On-Line Control of Opacity —Bruce Machamer ..... 20 April 29
Meter Designed To Continuously Monitor H-Factor During Cook —L. J. Carver ..... 38 Nov. 11
New Non-Magnetic Flowmeter Accurately Measures Pulp Suspension Velocity —Gunnar Homstrom, Klaus Moller, Bo Norman ..... 37 Nov. 25
On-Line Measurement of Paper Color, Brightness, and Opacity —Jerry Popson ..... 24 Aug. 5
On-Line Opacity Control and Two Machines at GP's Kalamazoo Mill —D. DeKam, P. Misra, M. Casey 28 Sept. 9
Paper Industry Instrument Group Held Successful Annual Meeting .. 37 June 17
Small Changes in Zeta Potential Readings Have Made Big Savings —John G. Penniman Jr. ..... 35 June 3
WMU Holds Conference on Special Instruments and Opacity ..... 30 May 6

International

Americans Lag in Developing New Fiber Sources in South America —Alvaro Salgado ..... 29 June 24
Canadian Industry Set New Production Records Last Year ..... 20 Feb. 25
Canadians Have Outstanding Success in Use of Plastic Wires —D. H. Armstrong ..... 17 July 1
The Finnish Industry—Current Situation and Future Outlook —Pentii Rautalahti ..... 37 March 11
Finnish Pulp, Paper and Board Scored Varying Advances in 1973 ..... 34 April 8
How the Valmet Sym-Drain Twin Wire Former Works —Gunnar Gavelin ..... 26 June 24
How Reduced European Tariffs Were Negotiated for American Paper .. 24 Aug. 12
Japanese Paper Industry Experiencing a Cooling in Hot Demand ..... 29 July 29
Most New Canadian Capacity From Existing Mills and Equipment .... 24 July 15
New Machine Adds 40% to Holmens Bruk Newsprint Capacity ..... 20 July 15
N. Z. Company Starts-up New Paper Machine, Plans One for Board .. 30 March 4
One Man's View of Papermaking in Argentina and Brazil —Frances Schiller ..... 34 July 8
Portugal Expands Market Pulp Outlook; Most Is Exported to Western Europe —Leonard S. Smith ..... 36 Oct. 7
Pulping and Forming Papers Predominated at British Technical Section meeting ..... 27 Dec. 2
Quebec Dissolving Pulp Mill Hails Its Rebirth, Plans Expansion —Robert C. Tate ..... 18 July 15
'73 World Containerboard Imports Unchanged—Exports Varied by Countries ..... 26 July 29
Sweden Set New Records in Pulp and Paper Output and Exports .. 22 March 25
Swedes Had Good First Half but Pressured by Costs and Supply .. 44 July 22
Swedish Industry Registered Large Gains During 1973 ..... 36 Feb. 11
Swedish Pulp and Paper Shipments Exceed Output in First Quarter .. 38 June 10
Turkey Is Expanding Its Pulp and Paper Industry, Mostly for Domestic Use —Leonard S. Smith ..... 28 Oct. 28
Virginal Adds a New Paper Machine at its Belgium Mill —Daniel Ladmiral ..... 28 Feb. 11

Markets & Marketing

Corrugated Box Manufacturers View Next Decade with Concern ..... 41 Nov. 11
Export Tonnage Rose Moderately in 1973 but Value Up Sharply —Leonard S. Smith ..... 28 Aug. 26
Market Outlook for Bleached Kraft Market Pulp —Ronald J. Slinn ..... 30 Aug. 19
Most New Canadian Capacity from Existing Mills and Equipment .... 24 July 15
US Paper Industry Calls for Revocation of Pulp Dumping Finding .. 28 Aug. 19

Mechanical Pulping

Chip and Shive Removal from Refiner Mechanical Pulp —Folke Jacobson ..... 53 Jan. 14
Mixers with Built-in Flexibility Can Cope with Process Problems —Louis J. Kolb ..... 24 July 1

Miscellaneous

Absenteeism Makes Costs Climb for Both Paper Mills and Box Plants, Study Finds ..... 32 Oct 7
Better Management for the Pulp and Paper Industry —Foster P. Doane Jr. ..... 38 Feb. 11
British Conference Features New Ma-

terials in Papermaking ... 27 May 6
Early Writing Materials —J. N. McGovern ... 22 Aug. 12
Fire Security Equipment Considerations for the Paper Industry —Lloyd Hornbostel ... 37 Sept. 16
Institute of Paper Chemistry at Beginning of a New Era ... 18 May 27
Leading Technologist and Executive Looks Back and Ahead at "On-Line" —Ward D. Harrison ... 44 July 22
A Look at FIC Communication Program as It Enters Final Stage —Robert C. Tate ... 60 Jan. 14
Maine Open House Features Lectures & Student Participation ... 28 May 13
Menasha Corp. Is Looking Ahead While Looking Back at 125 Years ... 40 June 3
New System For Removal of Pernicious Contraries from Bark —Bo Ferm ... 23 Jan. 7
Perspective of Non-Wovens Was Theme of INDA Annual Meeting —Harry L. Neilson ... 28 June 10
Significance of Machine Wet Web Strength and Factors Involved ... 36 April 15
"Tomorrow—A Changing World" Examined at 55th PIMA Meeting ... 35 July 22
The Toughest Test a Supervisor Ever Gets Is the One the Operating Personnel Give —Francis E. Schiller ... 27 Aug. 12
Trends in the Manufacture of Rubber Rolls and in Their Use —Albert W. Buecker ... 32 Feb. 11
WMU Holds Conference on Special Instruments and Opacity ... 30 May 6

New Mills & Machinery

Federal Upgrades Inverform With Suction Roll/Hydraulic Former ... 20 Dec. 16
First Twin Wire Former on Newsprint in the U.S. Highly Successful ... 18 July 29
Georgia Pacific Starts-up New Kraft Machine at Toledo Mill ... 32 June 3
Knowlton Brothers Dedicates New Mill, Will Make 40 t.p.d. of Filter Papers ... 20 Dec. 2
Low Density Paperboard Market Focus of ConCanCo's Georgia Rebuilds ... 21 Oct. 28
Many and Varied New Projects Will Add to Industry's Capacity ... 32 Aug. 26
Nekoosa Edwards Fires Up MgO Recovery Plant at Port Edwards Mill ... 20 Nov. 4
New Machine Adds 40% to Holmens Bruk Newsprint Capacity ... 20 July 15
Quebec Dissolving Pulp Mill Hails Its Rebirth, Plans Expansion —Robert C. Tate ... 18 July 15
Simpson Lee Mill Completes First Phase of Expansion Program ... 18 Jan. 28
Southland's New Machine Approaching Capacity After Successful Startup ... 36 Dec. 9
Southwest Completes Major Rebuild of Liner Machine at Snowflake ... 27 Sept. 30
Virginal Adds a New Paper Machine at Its Belgium Mill —Daniel Ladmiral ... 28 Feb. 11

Papermaking

Applying Microwave Technology To Monitor the Papermaking Process John J. Ayer, O. J. Kallmes ... 30 Sept. 16
Canadians Have Outstanding Success in Use of Plastic Wires —D. H. Armstrong ... 17 July 1
Champion International's No. 31 at Courtland, Ala., Is a Champion ... 26 April 15
Computer Control Scores on World's Fastest Open Draw News Machines ... 33 Sept. 2
Felt Workshops Yield Information of Value to Mills and Suppliers —Thomas W. Mills ... 28 April 22
Float Wash Clarifies White Water for Paper Machine Re-use —Arne Akerhagen ... 26 Jan. 28
How Fitchburg Uses Curved Rolls for Improved Winder Operation ... 30 March 18
How To Maximize Drainage through Zeta Potential Control —Richard Anderson, John Penniman ... 22 Sept. 23
How to Organize for an Achieve Successful Paper Machine Trials —Diane L. Anderson ... 27 July 1
How the Valmet Sym-Drain Twin Wire Former Works —Gunnar Gavelin ... 26 June 24
How To Use Technical Audits To Improve Paper Machine Operation —J. Mardon, R. M. R. Branion, M. Pudek ... 44 May 20
Meaning and Importance of Hardness Profile of Reels and Rolls —H. R. Cherewick ... 50 Jan. 14
New Moisture Profiling System Tightens Dryer Felt at Center —Otto Kallmes ... 44 Jan. 14
New Non-Metallic Seams for Open Mesh Dryer Fabrics —Michael J. Josef, Joseph F. Longo ... 29 June 17
N.Z. Company Starts-up New Paper Machine, Plans One for Board ... 30 March 4
New Tool for White Water Recycling also Has Uses in Deinking —Folke Jacobson ... 30 Feb. 11
On-Line Opacity Control and Two Machines at GP's Kalamazoo Mill —D. DeKam, P. Misra, M. Casey ... 28 Sept. 9
Paper Machine Technical Audits and What They Can Do for You —J. Mardon, R. M. R. Branion, M. Pudek ... 27 March 25
Significance of Machine Wet Web Strength and Factors Involved ... 36 April 15
Southland's New Machine Approaching Capacity After Successful Start-up ... 36 Dec. 9
Strategy for Achieving Control of Paper Mill Wet End Chemistry —Richard G. Anderson, John G. Penniman Jr. ... 60 Jan. 14

Pulping Chemical Recovery

Chesapeake Moves to Use of Oxygen

In Effiuent Treatment and BLO —John C. W. Evans 37 July 22
Color Removal and Sludge Disposal for Kraft Mill Effluents —Edgar L. Spruill Jr. 24 Aug. 19
Combined Treatment of Domestic and NSSC Mill Effluents —J. P. Farrell, L. R. Hebel, A. G. Steuhser 30 May 13
Developments in Semichemical Pulping with Kraft Green Liquor 25 Oct. 14
Effect of Sulphidity Levels on TRS and SO_2 Emissions —Kurt Henning 30 Oct. 28
Kraft Effluent Color Nature Before and After Lime Treatment —H. S. Dugal, R. M. Leekley, J. W. Swanson 39 Sept. 16
Nekoosa Edwards Fires Up MgO Recovery Plant at Port Edwards Mill 20 Nov. 4
Recovery Boiler Emissions Controlled by New Scrubber System —A. J. Teller, C. Fred Stubbert 24 Dec. 2
Seattle: Wood and Non-Wood Pulp Men Joined by Forest Biologists 38 Oct. 7
State of the Art and Trends in Pulp Mill Boiler Emissions Control —Thomas K. Turner 30 Nov. 25
TRS and SO_2 Emission Variables Revealed by Recovery Furnace Study —Kurt Henning, Wayne Andreson, James Ryan 32 Sept. 30
Use of SCA-Billerud Recovery Process for Sodium Base Liquors —Einar Horntvedt, Julius V. Gommi 32 April 22
Volatile Component Recovery from Sulphite Evaporator Condensates 28 July 15

Stock Preparation

CHP, a Unique Aid in Deinking and Repulping Waste Paper —Tom Mestetsky 20 July 1
How Missoula Reduced Kraft Particulate & Gaseous Emissions —Kurt Henning, James Ryan 26 Sept. 23
Mixers with Built-in Flexibility Can Cope with Process Problems —Louis J. Kolb 24 July 1
New Non-Magnetic Flowmeter Accurately Measures Pulp Suspension Velocity —Gunnar Helstrom, Klaus Moller, Bo Norman 37 Nov. 25
Screw Water Extractor as Stock Thickener at CCA Mill 38 June 3
Solid Waste Recovery and Reuse at Fifty-eight-Year-Old Board Mill —Walter Simon 29 May 27
Static Screen Dewatering a New Tool for Fiber Recovery —R. L. Chaney 26 July 8

Waste Paper

CHP, a Unique Aid in Deinking and Repulping Waste Paper —Tom Mestetsky 20 July 1
Fiber Supply Looms as Key Factor in Industry Move Toward Recycling —B. C. Drumm 34 Nov. 25
How Garden State Organized Public for Solid Waste Recovery 30 April 22
New Tool for White Water Recycling Also Has Uses in Deinking —Folke Jacobson 30 Feb. 11
Secondary Fiber Conference Attendance Indicates Resurging Interest in Recycling 24 Oct. 28

Water and Air Effluent

Chesapeake Moves to Use of Oxygen in Effluent Treatment and BLO —John C. W. Evans 37 July 22
Color Removal and Sludge Disposal for Kraft Mill Effluents —Edgar L. Spruill Jr. 24 Aug. 19
Combined Treatment of Domestic and NSSC Mill Effluents —P. J. Farrell, L. R. Heble, A. G. Steuhser 30 May 13
Cost of Achieving E.P.A.'s BPCTCA and Zero Discharge 30 April 15
Economic Impact of FWPCA Water Effluent Standards and Goals 34 April 1
Effect of Sulfidity Levels on TRS and SO_2 Emissions —Kurt Henning 30 Oct. 28
Environmental Protection Expenditures Continued To Increase During 1973 35 Sept. 9
Float Wash Clarifies White Water for Paper Machine Re-use —Arne Akerhagen 26 Jan. 28
Glatfelter Solved Problem of a Hopelessly Polluted Stream 32 June 17
How a Mead Kraft Mill Operates Without Air Environment Problems 26 April 8
How Crane and Co. Used a Mud Cat to Clean an Effluent Lagoon 37 June 10
How Missoula Reduced Kraft Particulate & Gaseous Emissions —Kurt Henning, James Ryan 26 Sept. 23
In or Out? —Herb Freedman 34 Sept. 2
Kraft Effluent Color Nature Before and After Lime Treatment —H. S. Dugal, R. M. Leekley, J. W. Swanson 39 Sept. 16
NEPA—Its Significance and Impact on the Paper Industry —Robert E. Hamel 34 Nov. 4
Ozone Decolorization of Effluents from Secondary Treatment —Carl Nebel, Ronald D. Gottschling, H. J. O'Neill 24 Jan. 28
Practicality Is the Keyword at CPPA's Air & Stream Improvement Meeting 29 Oct. 14
Recovery Boiler Emissions Controlled by New Scrubber System —A. L. Teller, C. Fred Stubbert 24 Dec. 2
Some Current Paper Industry Environment Protection Problems —Isaiah Gellman 28 April 1
State of the Art and Trends in Pulp Mill Boiler Emissions Controls —Thomas K. Turner 30 Nov. 25
Static Screen Dewatering a New Tool for Fiber Recovery —R. L. Chaney 26 July 8

Sulphur Dioxide Removal from Flue Gases at Grycksbo Sulphite Mill —Lennart Smitt ..... 24 Jan. 7
TAPPI Environmental Conference Scores Success in New Orleans .. 39 May 20
TRS and SO_2 Emission Variables Revealed by Recovery Furnace Study —Kurt Henning, Wayne Andreson, James Ryan ..... 32 Sept. 30
Ultra-Filtration Looks Feasible for Kraft Effluent Color Removal ... 26 April 29
Unique New Secondary Oxygen Treatment System for Effluent ... 22 Aug. 5
Use of Multi-Roll Press for Dewatering Clarifier Sludge —Jan Oledal ..... 26 Jan. 7
Use of SCA-Billerud Recovery Process for Sodium Base Liquors —Einar Horntvedt, Julius V. Gommi ..... 32 April 22
Wisconsin Tissue Effluent Plant Pioneers European Process Here ... 32 March 11
Volatile Component Recovery form Sulphite Evaporator Condensates 28 July 15

Wood

Americans Lag in Developing New Fiber Sources in South America —Alvara Salgado ..... 29 June 24
Changing Wood Supply/Demand Forces New Look at Mill Yard Operations ..... 27 Oct. 14
Control of Coliform in a Sulphite Mill Aerated Stabilization Basin —S. H. Watkins ..... 28 April 29
Factors Affecting Automatic Wood Chip Moisture Measurement —F. K. Preikschat, Ekhard Prieks-chat, Daniel F. Pope ..... 21 July 29
How S. D. Warren Helped Mills and Wood Land Owners in New England ..... 38 April 15
Influence of Chipper Geometry on Chip Quality and Resulting Pulp —G. Ranhagen ..... 20 Jan. 28
Mobile Chippers Enable Owens-Illinois To Boost Per-Acre Yield 10% to 100% 26 Sept. 2
New System for Removal of Pernicious Contraries from Bark —Bo Ferm ..... 23 Jan. 7
Portable Unit Handles Frozen Chips Swiftly ..... 39 May 13
Scott's Mini-Crews Log Efficiently .. 51 May 20
Sonoco Offers New Approach to Sulphite Chemical Recovery .... 22 April 8
Westvaco Operation Skyline—Total Tree Chipping Combination —H. G. Yeager ..... 29 March 18
What Needs To Be Done to Achieve a Healthy Pulpwood Supply —Richard A. Koplow ..... 22 May 6
A Wood Processing Line To Save Time, Fiber, and Money Is Proposed —Aux P. Schnyder ..... 24 Dec. 16
